

GOSSIP GIVES HUTCHINS CHANCE AT GOVERNORSHIP

Pinkham Still Strong, With Justice Coke Also in the Running, is "Dope"

According to gossip in local political circles, the choice for Hawaii's next governor—if Governor Pinkham is not to be reappointed—lies between Justice James L. Coke of the supreme court and Clinton J. Hutchins.

Recent rumors were that Justice Coke was directly in line for appointment as successor to A. G. M. Robertson, who recently resigned as chief justice of the supreme court, but the "dope" has since shifted to bring out the reports as regards the governorship.

Mr. Hutchins is said to have come here not long ago for the express purpose of establishing his residence in Hawaii, as a person, to be appointed governor, must have resided at least one year in the territory. Political gossip has it that Mr. Hutchins' coming was at the instance of powers in the national capital.

In political circles, however, there remains plenty of opinion that Governor Pinkham will be continued on as chief executive of the territory, although some Democrats say they have a "straight" that Justice Coke is favorably regarded in Washington. In the past there has been much talk as regards Mr. Hutchins' chances, and some politicians now admit that there is apparently some foundation for these rumors.

With Attorney D. L. Withington and Judge S. B. Kemp recommended for the supreme bench, the opinion from some political camps is that Judge Kemp is to be picked for a high tribunal position. It is reported that he has an excellent chance of being appointed chief justice, but the stronger opinion has it that Justice Coke will succeed Judge Robertson and that Judge Kemp will be given an associate justiceship.

L. L. McCandless and Prof. W. A. Bryan are the choice of the Democratic territorial central committee for the governorship, but the camp "dope" is that they are both out of the running. Professor Bryan is still in the mainland. Whether he has been to Washington on matters pertaining to the governorship is not known.

GREET 1918 WITH SIDEWALK DANCE

(Special Star-Bulletin Correspondence.) HILLO, Dec. 24.—Hilo is to have a real New Year's night and it will take the shape of a sidewalk dance under the auspices of Chairman Samuel Kauhaue of the Hawaii board of supervisors. Front street, from the Hilo Drug Company's place of business to the corner of King street, will be closed to vehicle traffic, and upon the sidewalks and the street itself will the merry throng enjoy itself with two-steps, waltzes and turkey trots.

This will be Hilo's first attempt at anything of the sort, and the experiment is being looked forward to with keen interest by everybody who has heard of the scheme.

Chairman Kauhaue became very interested in the proposition and he at once called upon some of the businessmen of the town, and when he found that they all thought the dance would be a splendid idea he immediately got busy and made arrangements to have the Hilo band supply the music for the hop.

NAMES OF THRIFT DIRECTORS SENT FRISCO

The list of names of local businessmen to act on the committee to conduct the war-saving certificate campaign here was mailed today to John S. Drum in San Francisco, who has the power of appointment of agents for this territory in that respect. As soon as word is received from the coast the campaign will commence in earnest.

A. N. Campbell of Waterhouse Trust Company has sent a cable to Robert W. Shingle, now in San Francisco, who has been appointed director of the war-saving campaign here to the effect that only two banks here have received packages of war-saving certificates and stamps. The message also asked to have packages of stamps and certificates sent to all banks and trust companies in Honolulu.

"V" INTERMEDIATES DINE.

Members of the Intermediate department of the Y. M. C. A. held their annual dinner last evening at Cooke hall. J. W. McGrillis was the guest of honor, and was given a real welcome by the members present.

Sergeant John Brush made a big hit with the members of the department when he offered a dinner to the winning athletic team. Glenn Jackson, who has charge of the affair, was called upon to say a few words, as was J. W. McGrillis.

War service badges are to be presented to all men in Canada who have been honorably discharged after service overseas, and also to those who have tried to enlist, but were rejected as physically unfit before the introduction of the military service act. The distribution is to begin at once.

BELLINA GOES AFTER NORGAARD ON COW TESTING

Tells Supervisors He Threatens to Put Dairymen Out of Business if They Resist

Severe criticism of the policy pursued by the board of agriculture and forestry in tuberculin testing and condemnation of dairy cattle was voiced at last night's meeting of the board of supervisors by Supervisor C. H. Bellina. Supervisor Bellina's remarks were based on a letter from Dr. Victor A. Norgaard, territorial veterinarian, regarding the eradication of tuberculosis infection.

In part, this letter reads as follows: "As a matter of policy and out of consideration for those dairy owners who have made an earnest effort to rid their herds of tuberculosis the latter information (the number of animals lost by each dairymen) while on record in this office, has been and is still considered of a semi-confidential nature."

"A change from this policy, and especially at the present time when the bovine tuberculosis compensation act has brought to light conditions which beyond doubt would force some of our milk producers out of the dairy business, does not now appear advisable and will not be resorted to except as a last measure to the end that bovine tuberculosis shall be eradicated."

Supervisor Bellina declared that the board of agriculture and forestry has not reduced bovine tuberculosis in milk cows in the territory. He pointed out that steps should be taken, especially as this is war time, to conserve some of the beef which is now being slaughtered as the result of tuberculin testings. He interpreted a portion of Dr. Norgaard's letter to mean:

"If you put up a fight on this proposition we will put you out of business."

"And," continued Mr. Bellina, "they have got us nearly out as it is." He declared that he would take the matter up with the food commission if he could ascertain positively that it was the intention of the board of agriculture and forestry to put some of the smaller dairymen out of business.

"We have had 11 years of this tuberculin testing," the supervisor continued, "and now they tell us that they will put us out of business if we butt in. This compensation act is a robbery of the community. The board has not reduced bovine tuberculosis in any reasonable percentage. And we were bluffed into testing our cattle."

Supervisor Bellina said that the pasteurization of milk is the only way in which the disease may be eliminated. "And the board of agriculture and forestry," he added, "has not done a thing to give us clean milk."

Supervisor C. N. Arnold declared that the matter was an important one needing close attention. The board decided to ask Supervisor Bellina to hand in all available data on the subject so that the board might go more fully into the question.

LITTLE INTERVIEWS

—TOM QUINN: Why don't they make ex-Governor George Carter head of the food commission? We would get some results then.

—PURSER E. A. SECLOY: Celebrating two Christmas Eves, as we did on our ship, gives you a heavy feeling on Christmas Day.

—JUDGE J. J. BANKS: In my opinion Kauai is the most beautiful spot in the world. If I could live at Hanalei, I would not want anything better.

—D. L. CONKLING, city and county treasurer: I think that if some of the people who are demanding good roads bought some of the territorial bonds they would get their good roads quicker than by simply yelling for good roads.

—BENJAMIN KAHALEPUNA: Indications are that the year just closing will be a record one as regards the number of divorce suits filed in circuit court. At the rate divorce cases are now being filed, I'll have to buy a new record book soon.

—FRED G. KIRCHHOFF, superintendent of waterworks: We will get five trucks for this department about the middle of January which will not be any too soon. The trucks will certainly help us to carry out the work of the department more efficiently.

—U. S. ATTORNEY S. C. HUBER: Women and children who come within the class of people termed alien enemies do not have to have permits to travel among the Hawaiian Islands, nor to leave the territory. They are free to go and come as they please.

—WILLIAM L. ROSA: Federal court has certainly established a fine record during the last six months. More business has been done during this period than during any similar period in the court's history. The entire year, which ends next June, is sure to be a record-smasher.

—DANIEL B. KUHN: Some people think because I spell my name with a K it is of German origin. I know, though, that I come of British and American Revolutionary stock. The name is probably of Pennsylvania Dutch derivation. Sure I am going to change it when the war is over. Any one who knows me now will not doubt my Americanism, but I don't want anyone thinking after the war is over that I am of German blood.

Sergeant Charles Kephart and Miss Kathryn Birt were married last Sunday. It became known yesterday. The witnesses were W. K. Macpherson and D. J. Russell. The ceremony was performed by Rev. S. K. Kamalopili.

"Rizal Day" to Be Celebrated By Filipinos

Dr. Jose Protasio Rizal y Mercado, Filipino hero whose memory is celebrated annually on "Rizal day," December 30, by the Filipinos of Hawaii.

In honor of the 21st anniversary of the execution of Dr. Jose Protasio Rizal Y. Mercado by Spanish soldiers following his condemnation as a traitor, the Filipino colony at the Wai-pahu plantation will honor the memory of their patriot tomorrow with appropriate ceremonies. To carry out the plan a club has been formed with Jonquin A. Alcada, president; Felix Sanso, vice-president; Marcelo Sampson, secretary; and Guillermo G. Caute, treasurer.

Dr. Jose Rizal has been often described as the most talented Filipino of his time, possessing an aptitude for public life, bordering on real statesmanship. Furthermore, he was a student of great attainments and a physician and surgeon worthy to rank high in his profession.

His execution by the Spanish government made of him a hero with a crown of martyrdom and each year the Filipinos of Hawaii in common with those elsewhere celebrate his birthday, Dec. 30, with special exercises. Dr. Rizal was born in Calamba, La Laguna province, Luzon, and executed Dec. 30, 1896. After studying at Manila he took degrees in several European institutions and learned not only modern languages, but medicine, surgery and several other sciences. Returning to the Philippines, he was so energetic in trying to better the conditions of the Filipinos that he incurred the hatred of the Spaniards. He opposed the clericals and their hold on the masses of the people and urged the people to educate themselves to knowledge of modern society and government. After a varied career he was tricked into a visit to the Philippines from Hongkong and there accused of instigating rebellion and after a trial generally recognized as farcical he was condemned and shot.

KAU RANCHER ACCUSED OF DAMNING PRESIDENT AND-HOCHING KAISER

Alleged Treasonable Remarks Made in Store; Affair Reported to Smiddy

(Special Star-Bulletin Correspondence.)

HILLO, Dec. 28.—"Hoch der Kaiser! To hell with the President. The Kaiser will win the war and then you will be hung before the end of it all!" was the declaration alleged to have been made by W. Bartel, a Kau rancher, on Wednesday last in the store of Mrs. Anna H. McCarthy in the village of Waiokoni, Kau. Besides Mrs. McCarthy there were in the store at the time Miss McCarthy, a daughter, and Miss Constance Vida. They informed Miss Bartha Ben Taylor of the occurrence and Sheriff Samuel K. Pua of this county was told of the case.

Bartel is a naturalized citizen, having been born in Germany and having resided in the islands for many years. Sheriff Pua, on receipt of the news from Kua, at once wired United States Marshal J. J. Smiddy and asked for instructions. The sheriff has no authority to arrest for sedition or whatever charge may be brought against Bartel.

According to the story received by Sheriff Pua it appears that Bartel entered the McCarthy store on Wednesday and, after some talk about things in general, began to speak about the war. Then, suddenly bursting out in a rage, he, it is alleged, uttered the above treasonable words. The three women say they heard every word of the tirade and felt it was their duty to advise the authorities.

The ladies said they told Bartel they intended to report him to the proper authorities and the man then yelled: "Go ahead and report."

Bartel has been engaged in ranching for many years near the Kahuku ranch.

Sheriff Pua is keeping track of all alien enemies and their movements. Bartel being an American citizen, made the case difficult for the sheriff to handle, as there is no deputy United States marshal on this island. The sheriff therefore wireless to Marshal Smiddy and follows that message up this morning with a letter fully explaining the whole matter.

Marshal Smiddy said that he would not act until he has received Sheriff Pua's letter. He said he had not received the letter up to noon today.
